Whether you are traveling for business or pleasure all of Bangkok is at your threshold once you step into First Hotel.

Situated in the city centre, we are one of Bangkok's best located hotels, within walking distance from its burgeoning business district, scenic cultural attractions, wonderful shopping and glittering nightlife.

All this convenient proximity yet just out of the reach of inner city noise and crowds.

At First Hotel your well-being is our greatest concern. We want you to know we care enough to take away the rough edges of traveling in a foreign land. Let us extend to you our famed Thai hospitality. So that when you do visit Thailand again we won't be surprised if you think of us, First.

## ACCOMMODATION

As

travelers you will like First Hotel for what we are warm and friendly -and what we are not -big and impersonal. Because we are medium size we can give each guest the personal attention he seeks to make his stay an enjoyable one. We have tailored every room luxuriously yet tastefully. There is a remote-control color TV, in-house video movies, satellite TV, and an international direct-dial telephone. A choice-stock mini-bar and refrigerator in your room also allows you to enjoy your favorite drinks.

## RESTAURANT

Come dine and discover the delights of our food and beverage outlets, Rendezvous Cafe', our 24-hours side-walk coffee house which serves a variety of local and international cuisine. Enjoy your dinner there with live music in the evening. And, at the lobby bar -wind down with your favorite cocktail, after a lazy day at our sundeck which overlooks the swimming pool.

## FACILITIES

At First Hotel we give our guests a speedy check-in. And while we do that we hope you'll enjoy the lobby, a charming; blend of teak-panel and stained glass ceiling, art nouveau and lush greenery.
