

Bangkok's first boutique hotel is unique in almost every sense of the word. Nearly all rooms are designed with different themes and, if you wish, you can experience a different style almost every visit.

We have installed a wireless environment for your convenience and this access is spread through the ground floor (housing the Gallery Cafe and Club 88, our jazz experience), as well as throughout our meeting rooms where the IT availability will really enhance your meeting potential. Other modern equipment is also available with unique 'white boards' in each meeting room.

Guest Room Facilities

- High speed internet access with secure phone lines with speakers and voicemail.
- Laptop/Fax/Printer set up on request. 25" Flat Screen TV with remote control featuring a full selection of local and satellite TV channels.
- Remote control VCD/CD player
- In-room tea and coffee making facilities
- Refrigerator mini bar for all rooms with complimentary drinking water, and for suites, a kitchenette - four ring cooker, microwave oven and sink.
- Separate shower with deluxe amenities and hair dryer
- In-room Safe
