Resort Facilities

Enjoy Long Beach, regarded by many as one of the best beaches in Southern Thailand. With a water temperature that remains at 28-30 degrees C all year, this three kilometer beach invites long lazy walks.

There is excellent swimming and a rock reef for snorkeling five minutes walk away.

Early morning and late afternoon joggers can be seen in addition to regular games of beach football and volleyball which you are welcome to join.

By November our new swimming pool deck overlooking the beach will offer an additional opportunity. Our restaurant features the chef who helped make Relax Bay Tropicana famous. Meals and snacks are served continuously from 0700 till late.

Our small beach bar serves terrific iced smoothies made from sweet tropical fruit, as well as iced beer and cocktails.

Get over your stress and jet lag with a Thai Massage or aromatherapy at our massage deck overlooking the beach.

We offer a full range of resort services including international phone & fax service and an in-house travel information desk.
