

Thong Nai Pan Beach...

is in the northeast, away from Thong Sala pier about 25 km. The beach is semi-circle and 1,000 metres in length. It is connected to Thong Naay Paan Noi.

The sand is whiter than any than any beaches of Koh Phangan. The atmosphere is serene.

Slap bang in the middle of Thong Nai Pan Yai and commanding over 80 metres of the beachfront is Central Cottage Resort, a popular getaway retreat for those seeking solitude and peace at one of the Koh Phangan's most beautiful beaches.

Central Cottage Resort has tropical island hut style bungalows directly on the beach for the low-cost backpacker or modern deluxe air-con bungalows with mini-bar, hot water and UBC satellite TV for those in need of more luxury.

There are four different rooms available:

- Small Island Hut Fan Bungalow
- Big Island Hut Fan Bungalow
- Big Island Hut Air-Con Bungalow with Mini-Bar & TV
- Standard Air-Con Room with Hot Water, Mini-Bar and TV
- Superior Air-Con Room with Hot Water, Mini-Bar and TV
- Deluxe Air-Con Room with Hot Water, Mini-Bar and TV

All rooms are available with either 1 double or 2 single beds, except the Deluxe Air-Con which all come with 1 double and 1 single bed at standard. The rooms are clean, comfortable and directly on the beach.

Every night at the resort there is a delicious barbecue and a special selection of traditional Thai or Western cuisine available to eat sitting on the beach. The beach bar is open from early evening till late and serves up a relaxing mix of music.

During the day there are a choice of activities including fishing, speedboat trips around the island, kayaking and snorkelling. Or if you want to catch up with friends you'll find internet available in the mini-supermarket.
