

Away from the crowd, where you can feel the local life...

The beautiful island of Koh Pha-Ngan is located in the Gulf of Siam, between Koh Samui (20 km = 12.4 miles) and Koh Tao and about 70 km (43.5 miles) from the mainland. The luxurious Green Papaya Resort is on the North West side of the island, on Haad Salad beach, a little cove bordered with fine sand and clear blue water, that's ideal to swim about and an excellent spot for snorkeling.

#### WELCOME AT THE GREEN PAPAYA RESORT

The Green Papaya Resort consists of 15 spacious luxury bungalows, tactfully fitted out, and was built so as to respect the environment it is set in. Amongst other features, all cottages are equipped with an alternative means of generating energy (solar system) to produce hot water.

The resort is set amid a coconut plantation and a tropical garden, and the cottages surrounding our pool and the ocean. To preserve our site's natural beauty, we have kept as many coconut trees as we possibly could and the delicate scents of the many plants that we have added to the garden are there to excite your senses.
