All in one, Mooban Talay Resort offers guests a great combination of quality time, relaxation and sports; each person finding their own pace and fulfilling their desires.

**Each bungalow is built on stilts,**

having their own uniqueness even though all are based on the same style. Architecture and artistic design - combining the best materials with the elements of nature - provides Mooban Talay Resort with its original identity. The attention given to the slightest details adds a touch making each room unique. Art lovers will especially appreciate the genuine aesthetic, a bond to the "Pra Apai Manee" legend, displayed in every room.

The consciousness of space provided is one of the main highlights of the bungalow. The terrace, wide and open air, is in fact an ideal place for relaxing on your own or share quality time

Entering the guestroom, a large tatami placed on a stage, facing the main window; enhances a feeling of openness already present through the discrete but generous lighting. Quality cotton fabrics are used for the bed linen to ensure a good night rests, one to remember.

Following, the bathroom and its glass doors leads you to the amazing open-air shower. Capture the simple feeling of a shower together with the elements of nature... These characteristics will make you feel immediately comfortable.

Adding modernity to the artist's insight and for your best comfort, all our bungalows are equipped with air condition and mini-bar. All the amenities expected are available and tastefully set out in a natural way. But that's not all ... we keep some surprises for you to have the pleasure to find out why we are simply different!
