TRANSPORTATION

The Trang Province is a relatively new Tourist destination and guests can encounter some inconveniences and some delays during the transfer trip, however our staff will do their best to make your transfer as smooth as possible.

Guests can fly directly from Bangkok Airport to Trang Airport one flight a day with the exception of Friday, Saturday and Sunday, those days offering an additional late evening flight. See our flight schedule timetable. From the airport the bus will take about 45 minutes to reach the Kuan Tungku pier and then a longtail boat for 40 minutes to Koh Mook.

Alternatively one can fly from Bangkok airport to Krabi airport (two flights a day) and our bus will transfer guests (approximately one hour) to Kuan Tungku pier and then another 40 minutes by longtail boat to Koh Mook.

Some guests might prefer a night train from Bangkok railway station to Trang town or an air-conditioned bus from the Southern Bus Terminal in Bangkok to Trang town from where our bus will transfer guests to Kuan Tungku pier to board a longtail boat to Koh Mook .

A chartered speedboat or the Silver Princess motor yacht from P P Island is also a convenient way of transfer and if guests stay on Koh Lanta, it is easy to charter a speedboat or longtail boat to Koh Mook.
